

## PRODUCT DATASHEET

### ENDURA® Classic Lantern Square S E27

#### Rusty

ENDURA® Classic Lantern | Classic, square-shaped lantern

#### Areas of application

- Only for specially protected outdoor areas
- Suitable for outdoor applications by luminaire mounting with lamp holder facing downwards
- Entrance lighting
- Patios, balconies

#### Product benefits

- High flexibility in the choice of the light source thanks to E27 socket
- Easy and quick installation

#### Product features

- Die-cast aluminum housing
- Diffuser made of clear glass
- Type of protection: IP23

TECHNICAL DATA

Electrical data

|                  |               |
|------------------|---------------|
| Nominal voltage  | 220...240 V   |
| Mains frequency  | 50...60 Hz    |
| Protection class | I             |
| Operating mode   | Mains voltage |

Dimensions & Weight

|                |           |
|----------------|-----------|
| Length         | 105.00 mm |
| Width          | 150.00 mm |
| Height         | 225.00 mm |
| Product weight | 740.00 g  |

Materials & Colors

|                |          |
|----------------|----------|
| Product color  | Rust     |
| Housing color  | Rust     |
| Body material  | Aluminum |
| Cover material | Glass    |

Application & Mounting

|                              |                             |
|------------------------------|-----------------------------|
| Ambient temperature range    | -20...+40 °C                |
| Temperature range at storage | -20...+80 °C                |
| Type of connection           | Terminal, 3-Pole (L, N, PE) |
| Type of protection           | IP43/IP43                   |
| Dimmable                     | No                          |
| Mounting type                | Surface                     |

|                          |         |
|--------------------------|---------|
| Mounting location        | Wall    |
| Application environment  | Outdoor |
| With light source        | No      |
| Replaceable light source | No      |
| Holder designation       | E27     |

### Emergency lighting

|                                  |      |
|----------------------------------|------|
| Type of emergency operation test | None |
|----------------------------------|------|

### Certificates & Standards

|                                                      |           |
|------------------------------------------------------|-----------|
| Standards                                            | CE / UKCA |
| Luminaire with limited surface temperature, "D sign" | No        |
| Ball shot safe                                       | No        |

### Additional product data

|                       |                                                          |
|-----------------------|----------------------------------------------------------|
| Product remark        | Maximum bulb wattage: 60 W / Available from January 2026 |
| Number of illuminants | 1                                                        |

### EQUIPMENT / ACCESSORIES

- Complete mounting and connecting accessories included
- No light sources included

### Safety advice

- All electrical connections must be made by a qualified person.
- Caution, risk of electric shock.
- Product in protection class I. All electrically conductive, metallic housing parts that can absorb voltage during operation or during maintenance in the event of a fault must be continuously connected to the protective earthing conductor.
